EDUCATION

Walla Walla University | College Place, WA

Bachelor of Science, Computer Science | GPA: 3.6 | June, 2025

FreeCodeCamp | Online

Legacy Front-End | 2023

This certificate demonstrates that the student is proficient in responsive design, JavaScript algorithms, the most widely used frontend frameworks, and a variety of web APIs.

VOLUNTARY WORK

Translator | Weblate | January 2023 – August 2023

Specialized in converting written content from one English to another. My primary work is to accurately convey the meaning, tone, and style of the source text while ensuring cultural nuances are appropriately preserved in the target language.

Web Testing | Center For Humanitarian Engagement | September 2023 – November 2023

Responsible for ensuring the functionality, usability, and overall quality of a website or web application. My primary work is to identify and report any issues, bugs, or potential improvements in the software before it is released to users.
